Model Year Definition:

‘Model Year’ is a standard industry-wide term employed by US automobile and motor home manufacturers to designate annually changing vehicle designs. ‘Model Year’ does **not** indicate the year in which a vehicle was manufactured. A 2009 design or ‘model’, for example, may be manufactured anytime during the 2008 or 2009 calendar year. The model year of an El Monte RV vehicle is always indicated on the vehicle registration.

El Monte RV Motor Homes:

El Monte RV continuously strives to provide our international guests with the best possible motor home product in the industry. To this end, we purchase units only from top RV manufacturers who make them to our higher than average specifications. All motor homes are 100% walk-through, equipped with a 110V generator, microwave oven, CD player, and modestly branded.

Motor Home Specifications:

Motor home photos, drawings and floor plans provided are examples only. Sleeping capacities are recommendations only and do not mean like number of adults or full-size teenagers can be accommodated comfortably within every unit of a size category. Features and amenities are representative and may be changed, added to or deleted without notice. Bed sizes vary from unit to unit within size categories and cannot be guaranteed. Specific floor plans or models will vary within a category and cannot be reserved or guaranteed

Motor Home Lengths:

Motor home lengths will vary within each size category. Specific floor plans, models or lengths cannot be reserved or guaranteed. It is the wholesaler’s responsibility to explain clearly in their brochure that motor home category designations do not represent the exact length. For example, if you designate the Class A Slide-Out model as an AS 32, the lengths within this category may range from 31 feet to over 34 feet.

- **El Monte RV is not responsible for travel operators' or their agents' misrepresentation of facts described in the insurance paragraphs included below.**
- All coverage and waivers are subject to the expressed terms and conditions of the rental contract signed by the client on pick up.
- In the event of an accident, renter and / or driver must disclose to El Monte RV any insurance coverage they may have.
- This outline is not a complete description of the various coverage plans. The El Monte RV rental agreement contains the complete legal provisions of the plans.
- Insurance and coverage plans are subject to change without notice.

A. Public Liability

El Monte RV maintains insurance coverage for liability claims, property damage and / or personal injuries resulting from the operation of an El Monte RV vehicle. Our coverage provides third party legal limits to protect the renter and authorized drivers. Liability coverage is limited to the minimum financial limits determined by the US state or Canadian province in which the incident occurred. Claims in excess of the state or province limits may arise. These claims are the responsibility of the renter. El Monte RV assumes no responsibility for such liability claims unless the client has purchased the Supplemental Liability Insurance.

B. Vehicle Incident Protection (VIP)

Jurisdiction: USA and Canada

Cost: Included in nightly rate

Coverage:

- El Monte RV offers VIP coverage which is separate protection that reduces Renter's financial responsibility for all physical damage to the Rental Vehicle to the applicable deductible of **\$1000**. VIP is a contractual agreement between the El Monte RV and the Renter, wherein El Monte RV agrees not to collect more than the applicable deductible of **\$1000** per occurrence from Renter for damages to the Rental Vehicle, subject to exclusions (see below). VIP only covers damage to the motor home or vehicle itself while under the rental contract and does not in any way limit the renter's responsibility for liability claims, property damage, and / or personal injuries (see Public Liability above).

- VIP is not insurance, rather an agreement between renter and El Monte RV to limit renter's financial responsibility for damage to motor home. Third party claims are not covered or accepted.
- If purchasing El Monte RV's Mexico Auto Liability Insurance (MALI), the VIP will cover the difference between the applicable VIP deductible and the 3% Mexico Auto Liability Insurance physical damage deductible if the renter is involved in an accident while traveling in Mexico and is in compliance with the terms and conditions of the rental contract.

Deductible: Per occurrence **\$1000** - provided the following exclusions have not occurred.
(This deductible is **non-refundable** regardless of fault or recovery).

Exclusions: The Renter is responsible for any and all loss of or damage to the Rental Vehicle at actual or estimated cost per occurrence. Exclusions include but are not limited to the following:

- Use of a rental vehicle in violation of the terms and conditions of the rental contract.
- Rental Vehicle swaps.
- Motor home or vehicle damage caused while driving under the influence of alcohol and / or narcotics.
- **Motor home or vehicle damage caused by driver falling asleep at the wheel, or inattentive driving.**
- Accidents arising out of the use of a rental vehicle by an unauthorized driver.
- Costs incurred in transporting damaged vehicle to the rental station, including towing and storage, while traveling in Alaska or Northern Canada.
- Interior damage.
- Damage during off-road use.
- Overheating or freezing of rental vehicle systems.

C. Supplemental Liability Insurance (SLI)

Jurisdiction: USA and Canada

Cost: \$10 per night; No maximum amount.

Coverage:

- Supplemental Liability Insurance provides excess auto liability insurance that protects the renter for the difference between the underlying insurance and up to \$1,000,000 against claims by a third party for bodily injury and / or property damage sustained as a result of an accident while operating the El Monte RV rental vehicle.
- If the renter resides outside the United States and is covered by a foreign Liability Insurance policy, the foreign Liability Insurance coverage will be excess / secondary over the SLI purchased pursuant to the rental contract.

Deductible: There is no deductible with the Supplemental Liability Insurance.

Exclusions: Include but are not limited to the following:

- Use of a rental vehicle in violation of the terms and conditions of the rental contract.
- Motor home or vehicle damage caused while driving under the influence of alcohol and / or narcotics.
- Accidents arising out of the use of a rental vehicle by an unauthorized driver.
- Renter's liability for damage to the rental vehicle.

E. Mexico Auto Liability Insurance (MALI)

El Monte RV's Mexico Auto Liability Insurance is required protection which the renter must obtain from El Monte RV when renting an El Monte RV vehicle and will be traveling in Mexico. Being added to El Monte RV's Mexico Auto Liability Insurance policy provides excellent coverage and eliminates the hassles of trying to obtain insurance at the border.

- El Monte RV's Mexico Auto Liability Insurance must be purchased at the rental counter.
- Client may purchase coverage only for the specific days that they will be in Mexico.
- There is no reimbursement for repairs or lost use incurred while vehicle is in Mexico.

Jurisdiction: Mexico Auto Liability Insurance is only valid when traveling in Mexico and according to the laws of Mexico.

EL MONTE RV

Terra Pass

We are pleased to announce that El Monte RV has teamed up with TerraPass to be able to give our customers a way to offset their carbon footprint while on their motorhome vacation. For a very nominal voluntary fee, your customers can contribute to the reduction in carbon dioxide emissions! This nominal fee, conveniently payable at the El Monte RV counter, is based on the class type of vehicle rented.

How it works: On pick up, your customers will be given the opportunity to contribute to Terra Pass. The amount for a Class C motorhome will be approximately **\$10.00 for the entire trip**; for a Class A the amount will be approximately **\$15.00 for the entire trip**. These amounts are based on the average number of miles driven by our customers who rent these unit types.

Every cent of the fee goes to TerraPass, who in turn funds clean energy projects, and projects that reduce methane, a serious contributor to global warming.

We encourage you to inform your customers to take advantage of this opportunity to offset their carbon footprint. It's easy, affordable and completely voluntary.

Sincerely,

El Monte RV
